MESSAGE FROM THE CHAIR

On behalf of the Board of Directors, I am pleased to present to you the 2017 Annual Report of the Richmond Olympic Oval Corporation (the Oval).

Central to the role of the Board of Directors is the responsibility to keep the Oval focused and driven on becoming a centre of excellence for sports and wellness. Throughout 2017, the Board continued to engage with members of the management team, providing direction and business oversight, to deliver long term value for Oval stakeholders, customers, and the residents of Richmond. The Oval has continued to build on its foundation of financial sustainability and 2017’s performance reflects that trend.

In 2016, when the City of Richmond Council elected to expand the Board from seven members to up to 13, seven new directors joined the Board. With this new expanded structure, the various Richmond perspectives were greater represented in 2017 board discussions. Also evident was the ability to thoroughly examine and discuss more sophisticated and challenging operational, financial and legal issues. The Board is well positioned to build on past accomplishments to make the Oval’s successful post-Olympic Games operating legacy a best-practice model to be examined and replicated by future host cities.

We again delivered positive financial results in 2017 for our sole shareholder, the City of Richmond. An economic impact study prepared for the City of Richmond by KPMG shows the Oval has provided a major boost to the local and regional economies, generating more than \$300 million in gross domestic product (GDP) through its construction and ongoing operation. The Oval has also been a catalyst for \$3.8 billion in added property value within the surrounding neighbourhood. We generated \$234 million in GDP creating over 3,000 jobs. An additional \$19 million in ongoing annual GDP is generated by the Oval; its operation supports 400 full-time equivalent jobs, including direct, indirect and induced employment.

Looking forward, the Board is confident that the Oval will continue to be successful due to the quality and broad appeal of its programs and services, as well as, its ability to adapt to a changing marketplace.

In closing, I would like to take this opportunity to thank the members of the Board for their valuable contribution throughout the year. In turn, the Board extends its thanks to George Duncan, Chief Executive Officer, for his leadership and the staff for their daily commitment and hard work which drives our overall success.

UMENDRA MITAL
Interim Chair of the Board of Directors

MESSAGE FROM THE CEO

MARKING A DECADE IN OLYMPIC HISTORY

At the Richmond Olympic Oval (the Oval) our business has always been and will continue to be about people and earning the right to be their first choice for fitness, performance and wellness training. We aim to deliver excellent service, meaningful interactions and personalized, life-long client relationships. Whether it is their day-to-day personal training needs or their long-term wellness goals, we want to continue to be the best, so that they can perform at their best.

This extraordinary journey began on December 12, 2008 when the Oval opened fourteen months in advance of the Games, providing access to a state-of-the art venue to both the public and high-performance athletes.

Today, I am privileged to lead a phenomenal team of hardworking individuals, sharing a commitment beyond Oval’s decade-long legacy. Our achievements throughout 2017 reflects what we stand for and what we seek to accomplish together, every day. From strong financial performance, to our ongoing investments in delivering exceptional experiences, we can be proud of our achievements, and in particular of the positive impact the Oval is having on the City of Richmond.

I am extremely excited for the opportunities that lie ahead. On behalf of my colleagues, I am honoured to share a few of our successes and achievements throughout 2017:

- The staff’s contributions and volunteer work within the community included the Oval team’s volunteer work at the Richmond Food Bank, the Sharing Farm and Forever Young 8K event. Additionally, Oval Volunteers volunteered over 12,000 hours in 2017.
- An Economic Impact Study completed by KPMG on behalf of the City of Richmond highlights the economic boost the Oval has provided to the local and regional communities.
- 57,350 high performance athlete training sessions were completed in 2017. Since March of 2012, over 234,350 athlete training sessions have been completed. These sessions are aligned with the Corporation’s legacy goal of supporting high performance sport.
- Community Sport saw a record breaking 8,273 sport registrations in 2017 – a 15% increase over 2016.
- The Fédération Internationale de Volleyball (FIVB) World Grand Prix Volleyball tournament was held at the Oval in July. An 1800 seat stadium was constructed in the Oval’s track zone and sold

out crowds cheered Canada on. Online streaming exceeded 300,000 views over the three-day event.

- The growth and success of the Oval’s partnership with YYoga for yoga programming and the Oval’s youth summer camps programs, are two such examples. The Oval is continuing to diversify its offerings to achieve its legacy goal of being the desired location for community sport, health and wellness.
- The Volleyball Canada’s Women’s National Team officially moved into their new home at the Richmond Olympic Oval. The first selection camp ran from May 8 – 12. The volleyball athletes are joining an existing community of national team athletes from various sports who use the training services, facilities and programs available at the Oval.
- The Oval has had over one million visitors in 2017 and was ranked the 3rd busiest tourist attraction in the lower mainland by Business in Vancouver (BIV). The Olympic Experience and the 50+ sport events hosted at the Oval brought visitors from all over the world in 2017. The Oval welcomed delegations of various faculties from China and Korea to tour the facility and learn about Olympic legacy planning in preparation for the 2018, 2020 and 2022 Olympic Games.

Our ongoing commitment is to continually strive to build on this great legacy for the residents of Richmond and other communities, our Canadian athletes and anyone who wishes to train at the Oval.

I would like to thank my team of dedicated employees who deliver beyond expectations on programs and services offered and acknowledge the valuable assistance that we receive from the Oval Corporation’s Board of Directors, the Games Operating Trust and Richmond City Council.

03 SUPPORTING HIGH PERFORMANCE

The Richmond Olympic Oval's High Performance (HP) programs and services fuel sustainable Canadian sport excellence on the local and international stage.

Oval HP builds better athletes of all ages through the provision of world-class technical coaching, strength and conditioning, mental performance and nutrition optimization services. Oval HP supports Canada's top athletes who are at, or are striving for the podium.

The Oval’s High Performance Training Program continues to train and provide coaching and sport science services to community, provincial, national, Olympic and Paralympic athletes.

NEXTGEN

In 2017, Field Hockey Canada, Volleyball Canada, and Canadian Wheelchair Sports Association (Wheelchair Rugby Canada) engaged the Oval’s High Performance Department to train and service their targeted NextGen athletes.

In June 2017, the Department of Canadian Heritage released a report reviewing the current system of funding Canadian high performance sport. The report included a recommendation to provide more sustainable funding to athletes, five to eight years from their peak performances. This group represents Canada’s medallists of the future and is termed ‘NextGen’. The federal government committed \$5 million annually for four years to fund NextGen athletes.

The Oval has experienced considerable success in being a key contributor to Canada’s high performance sport community. The Oval maintains an ongoing dialogue with community, provincial and national sport organizations to ensure that the Oval is accessible, is best equipped to meet the training and competition needs of current and future national team athletes, and to ensure the facility is maintained to the standards expected of a national sports centre.

Since opening a dedicated High Performance Training Centre in March of 2012, approximately 234,350 training sessions have been completed at the Oval- 57,350 of which occurred in 2017.

The Oval is a participating partner in the Canadian Sport Institute’s GYMWORKS™ program. The program provides provincially and nationally carded athletes, access to training environments within a proximity to their home, school and other personal, professional and sport-related obligations. In 2017, 309 carded athletes and coaches accessed the Oval through Gymworks™.

NEW HOME OF THE CANADIAN WOMEN'S NATIONAL VOLLEYBALL PROGRAM.

“Following the largest women’s selection camp ever, our program will undoubtedly see a new beginning in its new training centre in Richmond.”

Julien Boucher Volleyball Canada High Performance Director

The Volleyball Canada’s Women’s National Team selection camp ran May 8-12 at the Richmond Olympic Oval. The first selection camp at the program’s new home was one of the largest in the history of the program with 60 athletes travelling to Richmond to earn a spot on the national team roster. This successful event involved significant collaboration between Oval and Volleyball Canada staff including the completion of performance testing led by Matt Fisher, the Oval’s Head Strength and Conditioning Coach. The final selections for the National Team were completed on May 12 with 27 players being named to the roster.

The team’s first training session occurred on May 15. The Women’s National Team Program ran year-round with July and August being key competition months for the National A Team and October to April 2018 focusing on NextGen Programming and player development.

Oval staff have collaborated extensively with Volleyball Canada throughout 2017 on the coordination of facilities and the delivery of services. Volleyball Canada’s use of the Oval’s facility and services during 2017 has been significant. The Oval’s High Performance staff have supported the program through the provision of performance testing and strength and conditioning services. Oval High Performance staff were involved in the search and hiring of the team’s athletic therapists and facilitated the integration of Volleyball Canada sport medical with the LifeMark clinic. Access to medical imaging was arranged through Richmond based Priority MRI.

RICHMOND OLYMPIC OVAL CORPORATION

Notes to Consolidated Financial Statements

Year ended December 31, 2017

1. Incorporation and nature of business:

The Richmond Olympic Oval Corporation (the "Corporation") was incorporated on June 16, 2008 under the Business Corporations Act of British Columbia as a municipal corporation wholly-owned by the City of Richmond (the "City"). The business of the Corporation is to use the Richmond Olympic Oval facility (the "Oval") to provide a venue for a wide range of sports, business and community activities, including, but not limited to, being the long-track speed skating venue for the 2010 Olympic and Paralympic Winter Games (the "Games").

2. Significant accounting policies:

(a) Basis of presentation:

These consolidated financial statements have been prepared in accordance with Canadian generally accepted accounting principles ("GAAP") as prescribed by the Public Sector Accounting Board ("PSAB") of the Chartered Professional Accountants of Canada.

These consolidated financial statements include the accounts of all the funds of the Corporation and the Corporation's 50% proportionate share of the operations of VROX Sport Simulation Ltd. ("VROX"). VROX was established to: (a) conduct the necessary research and development to produce prototype simulators for installation in the Richmond Olympic Experience ("ROX") at the Richmond Olympic Oval; (b) provide ongoing technical and maintenance support for the interactive and sport simulation devices operating in the ROX; (c) utilize the ROX to showcase the Company's products to potential commercial or retail purchasers and the public in general; and (d) conduct research and development needed to produce alternative and/or next generation sport simulators needed to refresh the ROX on an approximately two to three-year cycle. As at December 31, 2017, VROX transferred all its assets and liabilities to the Corporation (note 13).

(b) Investment in government partnership:

Government partnerships are accounted for under the proportionate consolidation method, where the Corporation's share of the partnership is accounted for on a line-by-line basis on the financial statements.

(c) Revenue recognition:

Memberships, admissions and programs fees are recorded as revenue in the period that the services are rendered, with any unearned portion recorded as deferred revenue. Annual distributable amounts and trust income amounts are recognized as revenue when the amounts are approved by 2010 Games Operating Trust (note 6) and when the related operating expenses and capital maintenance costs of the Oval are incurred.

Sponsorship revenues are deferred and amortized to revenue over the term of sponsorship agreements.

RICHMOND OLYMPIC OVAL CORPORATION

Notes to Consolidated Financial Statements (continued)

Year ended December 31, 2017

2. Significant accounting policies (continued):

(c) Revenue recognition (continued):

Restricted contributions are deferred and recognized as revenue when the resources are used for the purposes specified by the related agreement.

(d) Financial instruments:

Financial instruments are initially classified upon initial recognition as a fair value or amortized cost instrument. The Corporation holds financial instruments consisting of accounts receivables and term deposits that mature within one year. Due to the short-term nature of these assets, their fair values approximate book value.

The Corporation does not have any financial instruments required or elected to be subsequently recorded at fair value.

(e) Non-financial assets:

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the ordinary course of operations.

(f) Capital assets:

(i) Tangible capital assets:

Tangible capital assets are recorded at cost. Amortization is provided on a straight-line basis at rates that reflect estimates of the economic lives of the assets over the following periods:

| Assets | Rate |
|------------------------------------|-------------------|
| Athletic equipment | 5 years |
| Automobile | 5 years |
| Building improvements | 5 years |
| Computer software and equipment | 3 years |
| Facility equipment | 3 years |
| Infrastructure | 40 years |
| Simulators and exhibit fabrication | 10 years |
| Tenant improvements | Term of the lease |
| Uniforms, ice skates and helmets | 3 years |
| Signage | 3 years |

RICHMOND OLYMPIC OVAL CORPORATION

Notes to Consolidated Financial Statements (continued)

Year ended December 31, 2017

2. Significant accounting policies (continued):

(f) Capital assets (continued):

(ii) Impairment of tangible capital assets:

Tangible capital assets are written down when conditions indicate that they no longer contribute to the Corporation's ability to provide goods and services, or when the value of future economic benefits associated with the tangible capital assets are less than their net book value. The net write-downs are accounted for as expenses in the statement of operations.

(iii) Deferred lease costs:

The initial direct costs incurred in connection with leases of rental properties in the Oval are deferred and amortized over the initial term of the leases. Such costs include agent commissions, legal fees, and costs of negotiating the leases.

(g) Pension plan:

The Corporation and its employees make contributions to the Municipal Pension Plan (the "Plan"). As the Plan is a multi-employer contributory defined benefit pension plan, these contributions are expensed as incurred.

(h) Income taxes:

The Corporation is not subject to income taxes as it is a municipal corporation wholly-owned by the City of Richmond.

(i) Functional and object reporting:

The operations of the Corporation are comprised of a single function, which includes sports, fitness, and recreation. As a result, the expenses of the Corporation are presented by object in the statement of operations.

(j) Budget data:

The budget data presented in these financial statements is based upon the 2017 budget approved by the Board of Directors on December 1, 2016.

(k) Use of estimates:

The preparation of financial statements requires management to make estimates and assumptions that could affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Significant areas requiring the use of management estimates relate to the determination of valuation of accounts receivable, useful lives of tangible capital assets for amortization, and deferred lease costs. Actual results could differ from those estimates. The estimates are reviewed periodically and as adjustments become necessary, they are recorded in earnings in the year in which they become known.

Unrestricted transfers are recognized as revenue when received or if the amount to be received can be reasonably estimated and collection is reasonably assured.

3. Investments:

Investments represent term deposits as follows:

| Purchase Date | Maturity Date | 2017 | 2016 |
|-----------------|-------------------|---------------|--------------|

The interest rate of the term deposits range from 1.60% to 2.10%.

The amounts due from/to the City of Richmond arise in the normal course of business and are non-interest bearing with no stated repayment terms.

5. Richmond Oval Agreement:

The Corporation is party to the Richmond Oval Agreement (the "Agreement") with the City, which had an effective date of July 1, 2008. The Agreement established the terms and conditions of the relationship between the City and the Corporation.

6. 2010 Games Operating Trust Fund:

On November 14, 2002, under the terms of the Multiparty Agreement for the Games, the Government of Canada and the Province of British Columbia agreed to establish the Legacy Endowment Fund (the "Fund") and to each contribute \$55 million. On March 31, 2004, under the terms of the 2010 Games Operating Trust Agreement, an irrevocable trust was created known as GOT and the 2010 Games Operating Trust Society (the "Society") became the trustee of the Fund. The purpose of the Fund is to fund operating expenses and capital maintenance costs of certain facilities created for the Games, specifically the Oval and the Whistler Sliding Centre and Nordic Centre, and to assist with the continued development of amateur sport in Canada. Subsequent to the formation of the Trust, the City, as owner of the Oval, became a beneficiary of the Trust and became responsible for complying with obligations set by the Trust and GOT in order to receive funding.

Effective December 31, 2007:

- (a) the GOT Board divided the Fund into three funds: the Speed Skating Oval Fund; the Whistler Sliding Centre and Nordic Centre Fund, and the Contingency Fund; and
- (b) the GOT Board divided the capital and any accumulated but undistributed income of the Fund as follows: Speed Skating Oval Fund (40%), Whistler Sliding Centre and Nordic Centre Fund (40%), and the Contingency Fund (20%).

Effective April 21, 2009, the City entered into an agreement with VANOC. The agreement details the terms and conditions to which the City is required to adhere in order to receive funding from GOT. Effective September 1, 2011 VANOC assigned the agreement to the Society.

Funds from GOT are paid to the City first and the City distributes the funds to the Corporation.

14. Pension plan:

The Corporation and its employees contribute to the Municipal Pension Plan (the "Plan"), a jointly trustee pension plan. The Plan's Board of Trustees, representing plan members and employers, is responsible for administering the Plan, including investment of assets and administration of benefits. The Plan is a multi-employer defined benefit pension plan. Basic pension benefits are based on a formula. As at December 31, 2016, the plan has about 193,000 active members and approximately 90,000 retired members. Active members include approximately 38,000 contributors from local governments.

Every three years, an actuarial valuation is performed to assess the financial position of the Plan and adequacy of Plan funding. The actuary determines an appropriate combined employer and member contribution rate to fund the Plan. The actuary's calculated contribution rate is based on the entry-age normal cost method, which produces the long-term rate of member and employer contributions sufficient to provide benefits for average future entrants to the Plan. This rate is then adjusted to the extent there is amortization of any funding deficit. The most recent valuation for the Plan as of December 31, 2015, indicated a \$2,224,000,000 funding surplus for basic pension benefits on a going concern basis. The Corporation paid \$506,170 (2016 - \$443,446) for employer contributions to the Plan in fiscal 2017.

14. Pension plan (continued):

The next valuation will be as at December 31, 2018, with results available in 2019. Employers participating in the Plan record their pension expense as the amount of employer contributions made during the fiscal year (defined contribution pension plan accounting). This is because the Plan records accrued liabilities and accrued assets for the Plan in aggregate, resulting in no consistent and reliable basis for allocating the obligation, assets and cost to individual employers participating in the Plan.

15. Economic dependence:

The Corporation is economically dependent on receiving funding from GOT and the City.
